HY-VICTORY™

JOINT SUPPLEMENT

SPECIAL INGREDIENTS

DAC® HY-VICTORY™ is a blend of quality ingredients that aid the nourishment of joints, cartilage and connective tissues.

Sodium Hyaluronate - is a glycosaminoglycan (GAG) that provides structural components to the synovial fluid and provides protective and nutritive functions to the joints. It functions as a tissue lubricant and is thought to play an important role in modulating the interactions between adjacent tissues.

Boswellia Extract - Boswellia is a genus of trees known for their fragrant resin which may have anti-inflammatory properties.

FEEDING DIRECTIONS

DAC® HY-VICTORY™ can be fed with either fortified or unfortified grains. Feed DAC® HY-VICTORY™ at the following rates:

| | |
|------------------|----------------------------------------------|
| Maintenance Dose | Feed one scoop (10 grams) per horse per day. |
|------------------|----------------------------------------------|

Feeding rate based on 1000 lb. horse.
